“Corrine was detail oriented, professional, and just a joy to work with. She took every thought, idea, or comment I had and brought it to life in a way that made sense for me and my brand.

She provided great input and clarity throughout the full design process and was always willing to go the extra mile to make sure I was satisfied with her work and our time together. I couldn't recommend her enough.”

“Corrine was very attentive to our needs, wants, dreams, vision + asks!!! She was patient with us throughout the process and was able to give us her professional opinion and direction.

We ended up with a logo + branding we love and are excited to be able to continue the relationship with her as our business grows. We just received our first batch of merch with the logo and LOVE it!!”

“Corrine was amazing. She kept me on track, set reasonable deadlines, and moved through the project very logically but with reasonable/digestible chunks of work at each phase. She was very thorough and explained the process very well for someone who has a hard time with the visual side of things!

I scoured other designers for weeks but ultimately fell in love with her punchy and creative style...and she totally nailed what I was going for! I'm so happy.”
